

## Health Plan Information Leaflet

### TERVIS 200 KJ

Confido Health Plan is voluntary health insurance provided by the employer to the employee. The purpose of the Health Plan is to prevent health-related concerns, enable quick and quality medical care, and provide a sense of security that the employee's health is taken care of.

The Health Plan can be used in addition to Confido in all private medical institutions, state hospitals, and with certified specialists throughout Estonia.

You can find necessary information about the service on the information leaflet.
